Boasting battery capacities of 100 kWh and 200 kWh, our system is purpose-built to supply unwavering, enduring power to both industrial and commercial ventures. Our system's design is geared towards ...

This sustainable solution enables energy self-sufficiency, reduces grid dependence, and supports the electrification of transportation with smart charging capabilities.

This 100 kW module delivers rapid response, grid-adaptive control, and high-efficiency bidirectional power flow. Designed for next-generation EV charging hubs, it reduces energy loss, ...

Introducing our 50kW / 100kWh high-voltage outdoor energy storage solution designed for commercial and industrial (C& I) applications.

It adopts an all-in-one design and can provide functions such as peak shaving, frequency regulation, power expansion, backup power supply, and startup.

100kW battery storage systems are gaining traction across industries for their ability to provide scalable, efficient, and secure energy ...

Designed to seamlessly integrate with various energy storage systems, this all-in ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, ...

We provide tailored 100kW battery storage systems to meet your unique energy needs. Whether you need a basic setup or a high-performance system, we can ...

This advanced hybrid energy storage system is designed for residential, commercial, and industrial applications, offering a scalable and reliable solution for solar energy storage. With power ratings ...
