We specialize in providing complete solar systems for household and commercial projects, and have an experienced international trade team to provide professional services to customers.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide ...

An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

Our solar PV systems and energy storage products are engineered for reliability, safety, and efficient deployment. All systems include comprehensive monitoring and control systems with remote ...

The 500KW to 1MW off-grid solar power system is a high-capacity renewable energy solution designed for remote locations, industrial sites, and large-scale applications.

Power up your off-grid lifestyle with a mobile solar container. Find out how the Meox 20ft container with foldable solar panels can provide a reliable source of electricity in rural or remote areas.

Get 1MW On Off Grid Solar Power Plant with an affordable price comes with lithium battery storage, PCS, Solar Panels, BMS, Fire suppression system and HVAC.

The solar container includes lighting, access control, fireprotection, and air conditioning. 20FT can hold around 1000kwh battery, inverter combiner box or PCS, 40FT can hold 1800kwh~3000kwh battery ...
