-----

In August 2025, GSL ENERGY deployed two high-performance energy storage systems for a client in Portugal. The systems utilize the latest wall-mounted 51.2V 200Ah 10.24kWh lithium iron phosphate ...

Our range includes single-phase and three-phase hybrid inverters, suitable for residential, commercial, and even industrial applications, providing scalable and ...

SotySolar: A sua empresa instaladora de painéis solares para autoconsumo em Portugal. Acompanhamos a sua transição para a energia renovável e 100% limpa.

O Next3 um inversor-carregador versátil para instalações off-grid, on-grid e híbridas. Este modelo trifásico de 16 kW tem duas entradas MPPT de alta tensão integradas, cada uma suportando até 8 ...

Discover the future of sustainability with our high-efficiency solar panels and powerful storage batteries. Transform your home into an eco-friendly space. Buy now and be part of the energy revolution!

The SolaX X3-AELIO hybrid solar inverter combines intelligent energy management with high efficiency. With VPP readiness and a fast switch-over time of less than ...

As a hybrid inverter, you can upgrade your solar system to a storage system at any time with Sigen Battery, enjoying seamless energy backup. Integrate with smart loads to unlock more energy ...

GoodWe's ET Series is a high-voltage battery-compatible three-phase energy storage inverter that enables greater energy independence and maximizes self-consumption through an export cap feature.

Three-phase battery inverters are mandatory for larger systems in excess of 4.6 kVA. If you want to use an inverter with a battery to feed power into the utility ...
