Output power levels cover 30kW, 45kW, 60kW and 90kW in a 23U Rack System profile, offer low-noise performance and have Output voltage ratings from 10V to ...

The 30kW DC rack power system provides a high-capacity, resilient DC power solution designed specifically for telecommunications infrastructure, data center operations, and industrial applications ...

Providing reliable and cost effective power distribution, the Basic PDU offers IEC outlet grips, tool-less installation in server racks, color-coded outlet sections and ...

The power supply has built-in discharging circuit, which can quickly release the electrical energy in the output capacitor after the power supply stops outputting, so as to prevent personal injury caused by ...

The MEAN WELL SHP-30K-HV series is a 2U rack type high wattage standard power supply providing 30 kW in an AC/DC single unit power ...

High adaptability for load, it can connect full inductive load or capacitive load. Explore our carefully curated selection of related products below to discover smarter, seamless solutions designed to ...

The SHP-30K series is currently the world's highest wattage 30KW AC/DC single unit power supply, features 3 phase 3 wire AC input and provides four standard ...

The highly efficient power electronics system for rack mounting from Phoenix Contact features a high degree of investment security. It enables the cost-effective operation of your DC charging ...

The 3kVA line interactive 2U rackmount UPS provides pure sine wave power to support critical electronics during power disruptions. It comes with IEC 320 C20 input, BS1363A British and Schuko ...

30kW Middle East Communication Power Supply Rack

Find rack mount DC power supplies for ATE, EV, and industrial test systems. Scalable, programmable, and ready for automation with remote interfaces.
