Versatile configuration: use 30kW/80kWh as a basic build block to build up a larger system. Application: Commercial and industrial facility power back up such as ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Ideal for home, commercial, and utility backup power, this modern system combines high energy and power density with a long lifespan. Its modular design allows ...

Standardized and scalable design for long-lasting, intelligent energy storage. Compact footprint with high single-cell energy density. Single cabinet footprint ...

With the 80KWh HV rack mount lithium battery, you can control production and energy consumption, meet your corresponding needs.

Available in 64 kWh, 80 kWh, and 96 kWh versions, this system combines performance, safety, and easy installation for your photovoltaic and energy ...

nVent HOFFMAN provides high quality, configurable racks and cabinets designed for any Data Center and Networking application.

SKTESS100 is a DC battery cabinet designed for outdoor installation, featuring intelligent air cooling for efficient heat dissipation. Paired with a wall-mounted hybrid inverter, it delivers stable and reliable AC ...

The 80kVA 128-209kWh Air-Cooled Commercial ESS Cabinet is a cost-effective, scalable, and reliable all-in-one energy storage system integrating PCS, BMS, EMS, LFP battery packs, fire protection, ...

80kWh Intelligent Energy Storage Cabinet for Network Server Rooms

We integrate high-efficiency inverters, secure battery racks, advanced BMS, automated fire suppression, and intelligent climate control into a single, cohesive system.
