Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level ...

A single cabinet consists of 15 1P16S battery packs and a 100kW energy storage inverter to form a lithium iron phosphate air-cooled energy storage integrated ...

Unlike traditional "one-size-fits-all" plants, Avaru uses modular energy storage units that can be scaled like LEGO blocks. Paired with AI-driven load forecasting, the system achieves 92%

Introducing our 50kW / 100kWh high-voltage outdoor energy storage solution designed for commercial and industrial (C& I) applications.

Our solution is a plug-and-play, turnkey system that can be easily scaled to meet any energy requirements.

It can meet the company's application needs such as peak shaving, dynamic capacity expansion, demand-side response, and virtual power plants, and promote efficient energy utilization.

With intelligent air cooling, IP55 protection level, and optional WiFi/GPRS remote monitoring, you can rely on this system for optimal performance and safety. Stay ahead of the curve with our energy ...

The 100kW 256kWh Outdoor ESS Cabinet is an advanced, all-in-one lithium battery energy storage solution designed for off-grid power systems, remote industrial sites, microgrids, and commercial ...
