LISHEN is a leading lithium battery manufacturer and supplier for EV power and energy storage solutions.

These PowerCube battery clusters integrate high-density LiFePO4 battery modules, intelligent BMS, and advanced safety protections in a compact, rack-mounted design - perfect for peak shaving, energy ...

These battery systems are designed for rigorous use in commercial electric vehicles, large industrial electric vehicle applications and marine propulsion. ...

Our commercial and industrial energy storage packs have been specifically designed to seamlessly integrate with solar battery systems. By efficiently ...

Whether you're facing power outages, need flexible deployment for remote work, or are setting up a sustainable solar power system, this portable lithium battery ...

LiFePO4 EV battery packs (200-630kWh, 400V-800V) for electric trucks, buses, boats & locomotives. 330kW peak power, 912Ah capacity, ISO-certified. Trusted ...

"Big Battery made converting our 48v lead acid EZGO cart to lithium a breeze. Our cart is lighter, faster and the range went up dramatically using just a single Falcon Elite battery.

We stock Saft and Electrochem lithium batteries and proudly assemble packs for our troops. Our battery packs power downhole gas sensors, algae monitoring buoys, and satellites in space. We can help ...

Vanguard Commercial Lithium-Ion Battery Packs deliver advanced, reliable power solutions engineered for today's demanding commercial environments.
