Kona Solar in Kailua-Kona, HI offers solar panel elec... Did you know? Solar Energy is the most Abundant.

PVTIME - On September 28, Taizhou Sungo Power Energy Technology Co., Ltd. (Sungo Power) disclosed that the first batch of solar ...

KONKA Group and Sungo Power, a company specializes in advanced solar energy storage products and smart power management solutions for both residential and commercial customers, have signed ...

The energy sector in Hawaii has rapidly adopted solar power due to the high costs of electricity, and good solar resources, and has one of the highest per capita rates of solar power in the United States. Hawaii's imported energy costs, mostly for imported petroleum and coal, are three to four times higher than the mainland, so Hawaii has motivation to become one of the highest users of solar energy. Hawaii was the first
