EcoDirect offers battery boxes, racks and enclosures for off-grid energy storage applications in solar PV systems. These products support the most common battery types.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Our outdoor cabinets are pre-assembled for quick deployment and can operate reliably under wide temperature ranges. They ensure stable energy storage performance in challenging climates, ...

Designed for energy storage systems for solar power, diesel-PV hybrid, and EV charging integration, this cabinet offers a flexible and scalable solution for ...

Discover E-abel's custom UL-certified solar battery storage cabinets with NEMA 3R enclosures, designed for U.S. solar engineering projects. Optimized for off grid solar battery systems ...

Protect and organize up to 8 EG4 rackmount batteries with the BossBox Enclosure. Weatherproof, lockable, and DIY-friendly--ideal for off-grid and hybrid solar setups.

Our trailerized and containerized platforms integrate solar PV, advanced battery storage, and fuel cells into one seamless solution--delivering reliable, low-emission power where diesel once dominated.

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

Most of our enclosures are designed to NEMA3R and rated for outdoor use. White powder coating and quality manufacturing ensure a robust enclosure that will survive even the harshest conditions. ...
