It's an enchanting journey, and the memory lingers long after leaving--a must-do for any Palau traveler seeking to be truly enchanted beneath the waves. Remember, do not put sunscreen before go there, ...

Palau is an archipelago consisting of several hundred volcanic and limestone islands and coral atolls, only several of which are inhabited. Palau is politically divided into 16 states.

While nearly all of Palau's 340 islands showcase pristine beaches and healthy coral just begging for a swim, a few are also home to significant historic sites dating to the Japanese occupation in WWII.

Palau consistently earns its place among the world's top dive destinations, enticing adventurers with stunning underwater scenery, lush landscapes, pristine beaches, and a vibrant cultural legacy.

More than 200 volcanic and coral islands, many of them surrounded by a single barrier reef, make up the northern Pacific nation of Palau. Palau became independent in 1994, after being ...

Geographical and historical treatment of Palau, including maps and statistics as well as a survey of its people, economy, and government.
