The Diass Power Station (French: Centrale solaire de Diass) is a 23 MW (31,000 hp) solar power plant in Senegal. The power station was commissioned on 22 May 2022 by the President of Senegal Macky Sall and his guest Olaf Scholz, the Chancellor of Germany. The solar farm is owned and operated by Soci t  nationale d'lectricit  du S n gal (Senelec), the national public electricity utility parastatal company. The power station was constructed with loan financing from the German Development Bank. Senelec integr...
