From small off-grid cabins, to peak rate TOU (time-of-use) offset, family homes in suburbia, and small commercial projects, the HomeGrid Stack'd Series battery is the proven best choice.

Our containerized Battery Energy Storage Solution (BESS) provides a fully customizable and scalable power solution to meet your specific energy needs. Whether you need grid balancing, mini-grid ...

Our modular battery systems, compatible with top-tier inverters like Sol-Ark, Luxpower, and Solis, offer a fully customizable energy storage solution for your home. With StackRack, you can power more ...

The MacthBox HVS is BSLBATT's high voltage battery solution for residential solar systems, utilizing Lithium Iron Phosphate electrochemistry, which can be scaled up with modular stacking to achieve ...

Key features of this battery pack include a service life of more than 10 years, integrated battery management system protection, an operating temperature ...

Our high-voltage stackable batteries are durable and long-lasting. With a strong cycling performance of over 6000 cycles and a 10-year warranty, you can trust ...

The HS-F1 series offers a stackable high-voltage lithium battery solution with configurable voltage options from 204.8V to 819.2V, designed for scalable energy storage in smart homes and ...

MacthBox HVS is an ALL-IN-ON stackable battery that features LiFePO4 electrochemical technology and can achieve large capacities of up to 37.27kWh in a modular stackable design.

Traditional flat-array battery systems face spatial constraints and scalability challenges. In response, vertical high-voltage stackable lithium ...

Stacked high voltage solar container battery

Stackable solar battery is available in 10-30kWh freely expandable with different battery specifications (100ah/200ah/300ah), 8000+ cycles & 20+ years lifespan.
