JHT manufactures various type of battery for OEM, ODM, and own brand. We have bare cell processed such as wire connector coin, Li-ion package, Ni-MH package battery.

The Department of Industrial Technology has invested NT\$1 billion over the past five years in scientific research on developing fast-charging, solid ...

Lithium-ion batteries are gaining ground due to their higher energy density, minimal maintenance, and good energy-to-weight ratios as well as high ...

Our Li-ion battery technology combines Li-ion chemistry, low impedance. The battery design and world-class manufacturing system provide customers with an unprecedented cost/performance advantage ...

REPT BATTERO, a top lithium-ion battery manufacturer, delivers advanced energy storage solutions and EV batteries to support sustainable mobility and ...

Through the sophisticated integration of electrochemical technology and advanced materials, our battery products achieve an optimal balance between high energy storage and high power output, ensuring ...

Taipei, the capital city of Taiwan, plays a pivotal role in the lithium ion battery supply chain. The city's well-established industrial infrastructure and proximity to key ...

Lithium Ion Polymer (Pouch) Battery Supplier: Taiwan YaluPower Enterprise Co., Ltd

Founded in 2015 in Taipei, Taiwan by Tesla and Panasonic veterans. XING Mobility designs and manufactures lithium-ion battery modules and packs for electric ...

Here at Celxpert, we take the time and effort to custom-make each battery pack according to our customers' requests and needs. All of our packs are also integrated with Battery Management ...
